- Sam Cooke is my favorite
- 100 DIY shows in my shed
- BBBS Mentor
- 125 Poster Shows to Date

MY RUSHMORE

- John Wooden
- Mom Boneyard
- Grandpa Boneyard
- Joseph Campbell
- Bill Russell
- Marcus Aurelius
- Dale Cooper

EDUCATION

Massachusetts College of Art and Design (2007-2011)

Bachelors of Fine Arts in Graphic Design, Minor in DIY Event Production

EXPERIENCE

Fifty-Nine Parks (2015-Current)

Creative Direction, Team Management, Design

I'm fortunate to collaborate with some of the most prominent poster designers in the world. Together we celebrate National Parks and printmaking. Our work is archived by The Library of Congress and we've helped raise over \$200k for The National Park Service. Our work exists in formats like books and board games that are translated into five different languages around the world! We've also had the pleasure of doing talks and events at places like Disney Animation, Lego HQ, Adobe Max, and Marvel Studios. My work with Fifty-Nine Parks is challenging but rewarding—I love it so much!

IBM Mobile Innovation Lab (2014-2015)

Team Management, UX / UI Design, Front-End Development

Our apps leveraged technologies like Watson to provide mobile solutions for the retail, travel, and healthcare industries. I led project teams and had the pleasure of managing the lab's team of eight associate designers. My top priorities were maintaining good vibes on the team and the health of projects in the lab.

Upstatement (2011-2014)

Design, Front-End Development, Internship Coordination

Solving high-level problems for clients shared precedent with crafting the best code possible. I helped manage, design, and code custom web experiences. We collaborated with clients like Random House, NPR, and The Boston Globe. I also helped build our internship program and managed Upstatement's brand.

APPROACH

I believe one can't go wrong when we work hard, have faith in the process, and stay honest. In a team setting I'm most concerned about what I can do to help us reach our collective goal. Simplicity, compassion, curiosity, hard work, and having fun are crucial elements of my approach.
